

## WAREHOUSE TRANSPORT FACILITY

O'TOOLE TRANSPORT INVESTED IN A NEW STATE OF THE ART LOGISTICS FACILITY IN DUBLIN TO HELP BUILD ON THE FAMILY TRADITION OF VALUE-ADDED TRANSPORT SERVICES TO THE FOOD SECTOR IN IRELAND, THE UK AND EUROPE

**CLIENT:** CTS Group  
(<http://ctsgroup.ie/>)

**PROJECT:** O'Toole Transport Warehouse Facility

**LOCATION:**  
Mulhuddart, Co. Dublin

**LIGHTING SOLUTION:**  
Disano Illuminazione  
([www.disano.it/en/home](http://www.disano.it/en/home))

**OBJECTIVE:**  
To provide a full lighting energy efficient solution

### WHO IS O'TOOLE TRANSPORT?

O'Toole Transport Ltd is an award winning family owned logistics business established in Galway in 1996. Today, they are one of the leading food logistics and transport companies in Ireland.

With depots in Galway, Dublin and Glasgow. O'Toole Transport specialises in national and international distribution for the FMCG sector.

A dynamic young company with a modern fleet of an average age of 4 years and excess of 95 trucks and 160 trailers. Their extensive range of high spec trucks and trailers include refrigerated, multi-temperature controlled and ambient trailers that allow them to specialise in the transportation of temperature-controlled product. The vehicles are also fitted with GPS and GPRS technology, allowing their customers to track their delivery 24/7.

O'Toole offer a BRC accredited Logistics solution for food manufacturers and processors with multi-temperature refrigerated trailers with tail-lifts fitted and refrigerated rigid vehicles.

### THE PROJECT

**Description:** Their primary business is transporting temperature-controlled goods across Ireland, the UK & Europe. This new state of the art warehouse consists of an administration office block, vehicle maintenance unit, chilled, frozen and palletised warehouses and truck parking area.

This modern facility will help them to continue providing flexible transport solutions for manufacturers and exporters.

Kellihers Waterford in conjunction with the CTS Group and through their long standing relationship helped supply leading edge Disano fittings for this project. The following electrical systems were installed on this project, general lighting, LED lighting throughout the project, Dali dimmable luminaires within the conference room. Presence/ absence detection was utilised to ensure the client was getting a cost-effective installation. Emergency lighting and a fire alarm was installed also. General services and security services such as a comprehensive door access system was installed on site. CCTV system consisted of HIKVision technology and a 64 channel NVR. Intruder alarm system consisted of a 60 zone HKC panel, expanders and accessories.

**Lighting Products supplied by Kellihers Waterford/  
Disano to complete the installation included:**

- Disano Saturno 2885
- Disano Sella 1 3290
- Disano Sella 1 3295
- Disano Echo 927
- Disano 842 LED Panel
- Disano Rodio 1898
- Disano Tortuga
- Fosnova Eco-Lex 3
